The "Z" Lives a Long and Useful Life

"Z" Engine endurance is proverbial—it's a lifetime engine. That's because every part liable to wear is case hardened. Push rod rollers—valve stems and cams—contact parts throughout—are made immensely hard by heat treating. They will not wear—nor will they break.

The "Z" has an extra large crankshaft. Not one has ever broken. All "Z" bearings are die cast and removable. Every "Z" part so carefully made that it is absolutely interchangeable. Ample lubrication—positive—well-balanced, correct mechanical design—help make the "Z" the "lifetime" farm engine. On the job—dependable—powerful—always.

Other "Z" features are: Runs on kerosene; coal oil, tops, as well as gasoline; built-in Bosch high tension oscillating magnetos; more than rated power; every part interchangeable; clean-cut, efficient design.

Kalamazoo

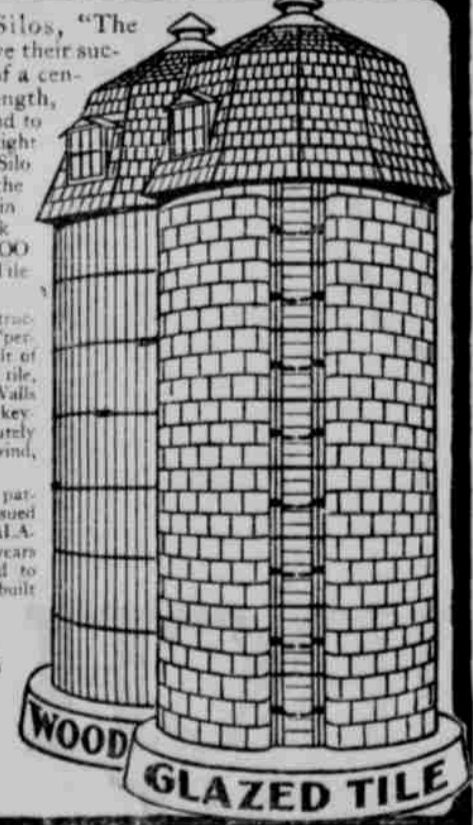

Firm As A Rock

KALAMAZOO Silos, "The World's Standard," owe their success of over a quarter of a century to their great strength, firmness and durability, and to their substantial, air-tight walls. Built by the best Silo engineers and backed by the largest Silo manufacturers in America. You run no risk in buying a KALAMAZOO whether it be of Glazed Tile or Wood Stave.

Glazed Tile, the indestructible Silo, "permanently as the pyramids," built of KALAMAZOO special glazed tile, positively moisture proof. Walls with three lead air spaces and keyed joints making them absolutely air tight and proof against wind, frost and decay.

Wood Stave, the first patented Silo, awarded the KALAMAZOO wood stave over 20 years ago. Such Silos have stood to this day, because they are built the KALAMAZOO way.

Call, phone or write us. We will gladly give you prices and full particulars.

We sell a full line of Farm
Equipment, Harnesses, Col-
lars, Halters, Straps, Whips.

Mrs. J. Gurnsey and Miss Goldie Husted spent Wednesday afternoon with their brother, C. Husted and wife.

Orven McFaul spent Sunday at the Evitts' home east of Ithaca.

How is Your Complexion.

A woman should grow more beautiful as she grows older and she will with due regard to baths, diets and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders.

At St. John in "Ship Ahoy!" Idle-hour, Monday and Tuesday.—adv.

NOTICE

I have opened a
